**MADE IN ITALY**

Silikomart Professional | F/W 2022

A special eye on sustainability !

In our company and warehouses we commit on using the cleanest and most natural source available on our planet: the sunpower

We potentially create no waste, since our silicone products can be reused for an entire life (tested for at least 3000 usage at 200°C/392°F)

Moving to a 100% compostable packaging for all of our products. First release in September 2020 with our haute cuisine collection

Launch of some specific items with new materials that are 100% safe for the environment
